REVIVE YOURSELF AT OUR HAIR AND BEAUTY SALONS!

Revive Salon Peterborough, recently recognised as a '**Wella Centre of Excellence**', is located at our Park Crescent campus and offers an excellent range of hair and beauty treatments at very competitive prices. Staff, students and members of the public can relax in style in one of our many on-site salons which use the latest industry standard equipment.

All treatments at Revive are carried out by students from one of the hairdressing and beauty therapy courses, under the supervision of trained members of staff. Every customer they have helps them get the experience needed to complete their programme.

Revive Hairdressing and Barbering

The hairdressing department offers a range of services, including cutting/styling, perming, colouring/highlights and barbering for gents. Treatments for gents include hair cuts, beard trims, perming, colouring and wet shaves, all carried out in our dedicated barber shop.

Our hairdressers and barbers are competing on different levels and this is listed on our price list. Some services can have limited availability and are not available every day. On occasions the requested level may not be available on the day of treatment, an alternative level will be offered.

Revive Beauty

The beauty department offers a range of treatments including body massage, facials, waxing, manicure/pedicures, pamper days and much more! Beauty treatments are not available daily, please speak to our Receptionist who will provide you with more information.

With a range of treatments, designed for all and prices at a fraction of the cost of what you would pay on the high street, we hope you'll enjoy your experience at Revive.

Please be aware we are a training establishment.
